# PHARMAceutical EXPO 2026

EXHIBITION ON PHARMACEUTICAL INDUSTRY

YASHOBHOOMI CONVENTION CENTRE, NEW DELHI

18, 19, 20 DECEMBER, 2026

in concurrent with

A focused platform  
connecting pharmaceutical  
manufacturers, technology  
providers, researchers,  
regulators, healthcare  
professionals and decision-  
makers.

# INDIAN PHARMACEUTICAL INDUSTRY

India's pharmaceutical industry combines large-scale manufacturing, scientific capability and global reach. It is the world's third-largest pharmaceutical industry by volume and supplies around 20 per cent of global generic medicines. Indian pharmaceutical products reach more than 200 countries, supporting access to quality and affordable healthcare worldwide.

The sector is expanding beyond high-quality generics into complex generics, biosimilars, vaccines, biotechnology, novel drug delivery systems, active pharmaceutical ingredients, contract research and manufacturing, digital technologies and advanced production solutions. This breadth creates strong opportunities for partnerships across the pharmaceutical value chain.

## DELHI AS THE HOST CITY

New Delhi offers an ideal setting for a national pharmaceutical exhibition. As India's capital, it provides direct access to policymakers, regulators, national industry associations, research institutions, healthcare organisations and business leaders. Its air, rail, road and metro connectivity makes the city convenient for participants and visitors from across India and overseas.

Yashobhoomi Convention Centre in Dwarka is a modern, purpose-built venue with international-standard exhibition and convention facilities. Its proximity to Indira Gandhi International Airport and metro connectivity make it well suited for a large professional gathering of the pharmaceutical sector.

## OBJECTIVES

- Showcase the latest developments in pharmaceutical products, manufacturing technologies, laboratory systems, packaging, research and allied services.
- Create a focused meeting platform for manufacturers, suppliers, buyers, procurement professionals, scientists, regulators and healthcare stakeholders.
- Encourage business partnerships, technology collaboration, contract manufacturing, investment and market expansion.
- Promote innovation, quality, regulatory excellence, sustainability and advanced manufacturing across the pharmaceutical value chain.
- Support knowledge exchange and strengthen interaction between industry, academia, government and the healthcare ecosystem.

## WHY PARTICIPATE

- Meet qualified decision-makers and technical professionals over three focused business days.
- Present products, technologies and services directly to a specialised pharmaceutical audience.
- Generate business leads and shorten the sales cycle through face-to-face discussions.
- Engage with existing customers, identify new distributors and explore strategic partnerships.
- Build brand visibility alongside the 75th Indian Pharmaceutical Congress and its scientific and professional programme.
- Understand emerging requirements in manufacturing, quality, research, regulation, packaging and supply chains.

## EXHIBITOR PROFILE

- Pharmaceutical formulations, bulk drugs, active pharmaceutical ingredients, intermediates and excipients
- Biopharmaceuticals, vaccines, biotechnology products and biosimilars
- Pharmaceutical plant, processing machinery and production technologies
- Packaging materials, packaging machinery, labelling and track-and-trace solutions
- Laboratory equipment, analytical instruments, cleanroom systems and quality-control solutions
- Contract research, clinical research, contract development and manufacturing organisations
- R&D, process development, technology transfer and regulatory services
- Water, waste, environment, safety, cold-chain, logistics and infrastructure solutions
- Digital, automation, software, data and management solutions for the pharmaceutical industry
- Trade associations, institutions, technical publications and industry-support organisations

## VISITOR PROFILE

- CEOs, business heads, plant heads, technocrats and scientists from pharmaceutical and biotechnology companies
- Purchase, procurement, sourcing, engineering, production, quality-control and quality-assurance professionals
- R&D specialists, formulation scientists, pharmacists, doctors and healthcare professionals
- Regulators, policymakers, government officials and representatives of trade and diplomatic organisations
- Hospital administrators, institutional buyers, distributors, agents and supply-chain professionals
- Academicians, teachers, researchers, students, consultants, investors and entrepreneurs

*PHARMAceutical Expo 2026 Event information based on the 75th Indian Pharmaceutical Congress sponsorship brochure. Visitor timing is proposed and may be reconfirmed before publication.*

## PARTICIPATION CHARGES

|                |                                    |
|----------------|------------------------------------|
| 1) Shell Space | ₹ 12,000.00 Per Sq. Mtr plus taxes |
| 2) Bare Space  | ₹ 11,000.00 Per Sq. Mtr plus taxes |
